In re Application of :
Goddard et al. : LETTER REGARDING PATENT
Application No. 10/063,518 : TERM ADJUSTMENT
Filed: May 1, 2002 :
Attorney Docket No. 10466/303 :

This letter is in response to the "LETTER REGARDING PATENT TERM ADJUSTMENT CALCULATION," filed July 16, 2008. Pursuant to applicants' duty of good faith and candor to the Office, applicants request that the determination of patent term adjustment under 35 U.S.C. 154(b) be reviewed for accuracy.

The request for review of the determination of patent term adjustment is granted.

The Office has updated the PAIR screen to reflect that the correct Patent Term Adjustment (PTA) determination at the time of the mailing of the notice of allowance is **778 days**. A copy of the updated PAIR screen, showing the correct determination, is enclosed.

Applicants state no basis for the request for review of the patent term adjustment.

A review of the application history reveals that the Office incorrectly entered the date of receipt of the reply to the final Office action in the form of a Request for Continued Examination (RCE) and submission as September 20, 2005, instead of September 30, 2005.¹ Thus, the date of September 30, 2005,

¹ The RCE contains a USPTO date-stamp of September 30, 2005.

and not September 20, 2005, should have been used for calculating PTA.

In accordance with 37 CFR 1.704(b), the period of adjustment of the term of the patent should be reduced by 13 days (not 3 days), the number of days in the period beginning on the day after the date that is three months after the date of mailing of the Office action under 35 U.S.C. 132, September 18, 2005, and ending on the date the reply was filed, September 30, 2005. Accordingly, the period of reduction of 3 days will be removed and a period of reduction of 13 days will be entered.

Additionally, applicants should have been assessed a delay pursuant to 37 CFR 1.704(c)(8) for the filing of an Information Disclosure Statement (IDS) on December 2, 2005. It is undisputed that after filing a response on September 30, 2005, applicants filed an IDS on December 2, 2005. The record does not support a conclusion that the examiner expressly requested the IDS. Further, a review of the IDS, filed December 2, 2005, reveals that applicants did not include a statement under 37 CFR 1.704(d).² Thus, applicants failed to engage in reasonable efforts to conclude prosecution of the application. The period of adjustment of the term of the patent should have been reduced by an additional 63 days, the number of days beginning on the day after the date the initial reply was filed, October 1, 2005, and ending on the date that the IDS was filed, December 2, 2005. See 37 CFR 1.704(c)(8). Accordingly, an additional period of reduction of 63 days will be entered.

In view thereof, the correct patent term adjustment at the time of the mailing of the notice of allowance is **778 days** (940 days of Office delay - 162 days of applicant delay).

As this letter was submitted as an advisement to the Office of an error in applicants' favor, the Office will not assess the \$200.00 fee as set forth in 37 CFR 1.18(e). The Office thanks applicants for their good faith and candor in bringing this to the attention of the Office.

Applicants are reminded that any delays by the Office pursuant to 37 CFR §§ 1.702(a)(4) and 1.702(b) and any applicant delays under 37 CFR § 1.704(c)(10) will be calculated at the time of the issuance of the patent and applicants will be notified in

the Issue Notification letter that is mailed to applicants approximately three weeks prior to issuance.

The Office of Data Management has been advised of this decision. This matter is being referred to the Office of Data Management for issuance of the patent.

Telephone inquiries regarding this matter should be directed to Christina Tartera Donnell, Senior Petitions Attorney, at (571) 272-3211.

² Pursuant to 37 CFR 1.704(d):

A paper containing only an information disclosure statement in compliance with §§ 1.97 and 1.98 will not be considered a failure to engage in reasonable efforts to conclude prosecution (processing or examination) of the application under paragraphs (c)(6), (c)(8), (c)(9), or (c)(10) of this section if it is accompanied by a statement that each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart application and that this communication was not received by any individual designated in § 1.56(c) more than thirty days prior to the filing of the information disclosure statement. This thirty-day period is not extendable.
